Write a blog post. Your campaign is awesome – don't hide it from the world. Use your blog post as an opportunity to introduce readers to the valuable content they'll find in your offer.

Share it on social media. Promote your blog post and offer through social media to drive traffic into the top of your funnel.

Add in long tail keywords. Make sure your campaign is SEO friendly – that way, interested prospects will find your campaign long after you stop actively promoting it.

Consider paid search and other channels. Other channels can be a part of your inbound campaign, too – just be sure that you are measuring the effectiveness of these channels.

Track your URLs. Where is your traffic coming from, and how are visitors finding you? Tracking URLs can help.

Report on Your Results. Hard work shouldn't go unmeasured. You set goals at the very beginning; now it's time to celebrate your success. Organize and show off your numbers at the end of the campaign.
